## ELFRAG™-DMBC (Dimethyl Benzyl Carbinol)

### Specification Sheet

|                   |                                                                                   |
|-------------------|-----------------------------------------------------------------------------------|
| Product           | : Dimethyl Benzyl Carbinol                                                        |
| Code              | : 2905.22.00                                                                      |
| Chemical Name     | : Dimethyl Benzyl Carbinol                                                        |
| Synonyms          | : 2-Phenyl-2-propanol Benzyl dimethyl carbinol alpha,alpha-Dimethylbenzyl alcohol |
| CAS No.           | : 617-94-7                                                                        |
| Molecular Formula | : C <sub>10</sub> H <sub>14</sub> O                                               |
| Molecular Weight  | : 136.19 g/mol                                                                    |
| Boiling Point     | : 212 °C                                                                          |
| Density           | : 0.98 g/cm <sup>3</sup>                                                          |

#### No. CORE TESTS SPECIFICATION

- 1 Appearance : Colorless liquid
- 2 Packaging : Available in various packaging formats suitable for industrial use.

#### SHELF LIFE

24 months

The information and data contained herein are believed to be accurate but may not be all inclusive and should only be used as a guide. The information is furnished upon the condition that the person receiving it shall make his own determination of the suitability of the product for his particular use and on condition that they assume the risk of the use thereof.
