## ELAROMA™-MCNE (Methyl Cedryl Ketone)

### Specification Sheet

|                   |                                                                                  |
|-------------------|----------------------------------------------------------------------------------|
| Product           | : Methyl Cedryl Ketone                                                           |
| Code              | : 29142900                                                                       |
| Chemical Name     | : Methyl Cedryl Ketone                                                           |
| Synonyms          | : Cedryl methyl ketone, 8,8-Dimethyl-6,7,8,9-tetrahydro-5H-benzo[c]chromen-5-one |
| CAS No.           | : 32388-55-9                                                                     |
| Molecular Formula | : C <sub>16</sub> H <sub>22</sub> O                                              |
| Molecular Weight  | : 246.34 g/mol                                                                   |
| Boiling Point     | : 315-320 °C                                                                     |
| Density           | : 0.98 g/cm <sup>3</sup>                                                         |
| MeltingPoint      | : N/A                                                                            |
| Viscosity         | : N/A                                                                            |

#### No. CORE TESTS SPECIFICATION

- 1 Appearance : Clear to pale yellow liquid
- 2 Packaging : 25kg HDPE drums

#### SHELF LIFE

At least 2 years when stored properly
