IEC: AAJCB9425C

## SPECIFICATION SHEET

|                   |                                                                                     |
|-------------------|-------------------------------------------------------------------------------------|
| Product           | : Phenyl Ethyl Alcohol                                                              |
| Code              | : 29062100                                                                          |
| Chemical Name     | : Phenyl Ethyl Alcohol                                                              |
| Synonyms          | : 2-Phenylethanol, Benzyl carbinol, Phenethyl alcohol, $\beta$ -Phenylethyl alcohol |
| CAS No.           | : 60-12-8                                                                           |
| Molecular Formula | : C <sub>8</sub> H <sub>10</sub> O                                                  |
| Molecular Weight  | : 122.17 g/mol                                                                      |
| Boiling Point     | : 219 °C                                                                            |
| Density           | : 1.02 g/cm <sup>3</sup>                                                            |
| MeltingPoint      | : -27 °C                                                                            |
| Viscosity         | : Not specified                                                                     |

### No. CORE TESTS SPECIFICATION

- |   |            |                    |
|---|------------|--------------------|
| 1 | Appearance | : Colorless liquid |
| 2 | Packaging  | : 25kg HDPE drums  |

### SHELF LIFE

At least 2 years when stored properly
